Post-Nationals Clinic

Coaches Dominic Grossi & Meagan Grossi will be hosting a Post-Nationals Clinic on Sunday December 6th, at GHSC! The clinic will focus on targets and presentations seen on the Orange and Green courses at Nationals. There are two eligible flights. Flight 1: 8:00 AM and Flight 2: 11:30 AM. Lunch will be served between flights. Space is limited to 6 athletes per flight, and spots will be filled on a first-come, first-served basis. Priority registration will go to the athletes who attended Nationals. Any remaining spots will then be opened to the other LSSST athletes. The clinic may be used in place of your monthly lesson, or athletes may choose to attend for a $250 clinic fee. **RSVP ASAP TO COACH RON.**

Coaches CORNER

Purposeful practice starts before you ever step onto the field. As you drive through the gates of the gun club, decide exactly what you're working on that day: specialty targets, visual discipline, your pre-shot routine, or another specific skill. Don't just shoot targets, practice with intention. If you're unsure what needs work, ask a coach for guidance.

Every so often, shoot a scorecard round and track your misses. Look for patterns: Were they on specialty targets? Quartering birds? Did eye placement or visual discipline play a role? Identifying those weaknesses gives you a roadmap for your next practice sessions and helps turn practice into real improvement.

GHSC Buckle Finale Volunteers Needed!

WE NEED YOUR HELP! Lone Star will be cooking dinner for the December Buckle Race Finale on **Saturday, December 5th**, and we need volunteers to help make it a success! If you're available to lend a hand, please reach out to **Heather ASAP**. We appreciate your support!

Help Support Zoey's Girl Scout Gold Award Project!

LSSST member, Zoey Shield, is working toward her **Girl Scout Gold Award**, the highest award in Girl Scouts and the equivalent of an Eagle Scout Project.
As part of her project, Zoey will be hosting a **craft activity on December 12th after practice**. Participants will have the opportunity to create fun and unique projects using **empty shotgun shells**, giving these items a new purpose instead of sending them to the trash.
This project focuses on **recycling, reusing, and getting creative with materials that would otherwise be discarded**.
All athletes are encouraged to stick around after practice and help Zoey with her Gold Award project while having a little fun and getting creative! Please RSVP to Heather.

Wyatt Belcher took Nationals by storm! He earned HOA C Class - Sub Gauge. and won Make-A-Break! Join us in congratulating our newest National Champion!
